

CENTRAL VALLEY JOINT APPRENTICESHIP AND TRAINING COMMITTEE

STANISLAUS, MERCED, MARIPOSA AND TUOLUMNE COUNTIES

ON-LINE MATH COURSE

If you need a refresher course in Math, help is as close as your computer.

Go to <https://www.skillsprep.org> and click on *Course Registration*. Complete the on-line registration form and submit it along with a credit card number and authorization. Course cost, approx. \$294.38.

When credit card payment has been validated, the NJATC will ship to the student, a package containing the following:

- ✓ A welcoming letter
- ✓ students personal User ID and Password
- ✓ a copy on the NJATC's text book, *Mathematics Essentials for the Electrical Trades*; and a calculator. (the same one referenced throughout the textbook)

Students have four (4) months, (from the date they access the first course exercise), to complete. To complete each exercise, students must score at least 75 percent.

After successfully completing all exercises, students can access the final exam.

Students who pass (75 percent or higher) the final exam, will receive a completion certificate.
